(3) Samples of the actual colors to be used on the sign and/or the PMS color number.

(4) A list of all materials to be used in constructing the major components of the sign including any supporting structures and illumination. Any illumination proposed shall comply with Article XLV (Outdoor Lighting) of the Town Code of the Town of Riverhead.

(5) A color photograph of the existing building including all walls and areas where the sign is to be placed. Any and all existing signs currently on the building or premises must likewise be indicated and depicted graphically or photographically. Ideally, a second photograph shall be prepared in digital format superimposing the proposed sign onto the facade of the existing building.

Such a digital image must be in scale relative to the actual building.

(b) Submission of the permit fee at time of application. Such fee shall be set from time to time by resolution of the Town Board.

C. Issuance of Sign Permit

1. Architectural Review Board Referral

(a) Upon receipt of a complete application for a sign permit, the Building Department Administrator shall refer the application to the Architectural Review Board for its recommendation. The applicant may request to appear before the Architectural Review Board in order to review the sign design and facilitate the process.

(b) The Architectural Review Board shall provide a recommendation to the Building Department within 30 days of its receipt of the Building Department referral. Applications not acted upon by the Architectural Review Board within thirty (30) days of the receipt of the application shall be deemed approved.

Alternatively, the applicant may submit the affidavit of a sign maker registered with the Town of Riverhead Building

Department in a form to be designated by the Building Inspector indicating that the sign construction is complete and that the sign was constructed in accordance with the terms of the permit. The Town reserves the right to inspect any permitted sign installation.

(c) All signs must be installed within six months of the issuance of the sign permit. Failure to complete the installation of a permitted sign within six month of the date of the issuance of the permit will result in the automatic expiration of the sign permit.

The Building Inspector, at his discretion, may extend the duration of a sign permit one time for a period of six months.

(d) Upon completion of the inspection of the sign by the Building Department or the submission of the affidavit of a registered sign maker as described herein, the Building Department shall issue a placard to the applicant which placard shall be attached to the lower right hand corner or portion of the sign. The placard shall bear the seal of the Town of Riverhead and indicate the permit number for the sign as well as the date of approval of the sign permit application or site plan.
